LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29, MALIBU EMERGENCY RELOCATION OF 8-INCH-DIAMETER WATER MAIN AT 5800 RAMIREZ CANYON ROAD, MALIBU

On October 4, 2008, a leak occurred in an 8-inch-diameter water main at 5800 Ramirez Canyon Road in Malibu, near Ramirez Canyon Park. Upon further investigation, we discovered that a 3-foot section of the water main collapsed beneath a concrete driveway and grouted rock wall. Williams Pipeline Contractors, Inc., was called to repair and relocate approximately 150 feet of the water main away from the wall to restore domestic and fire protection service to the park. This work is scheduled to be completed on October 31, 2008, at an estimated cost of \$175,000.

Williams Pipeline Contractors, Inc., is one of five as-needed, on-call emergency contractors with a contract approved by your Board on July 1, 2008. We committed to reporting to your Board all emergency repairs carried out under these contracts.
